

How You Can Draw Dogs!!

LOOK AT DOGS. WATCH HOW THEY ARE! THEN TRY AND DRAW THEM!!

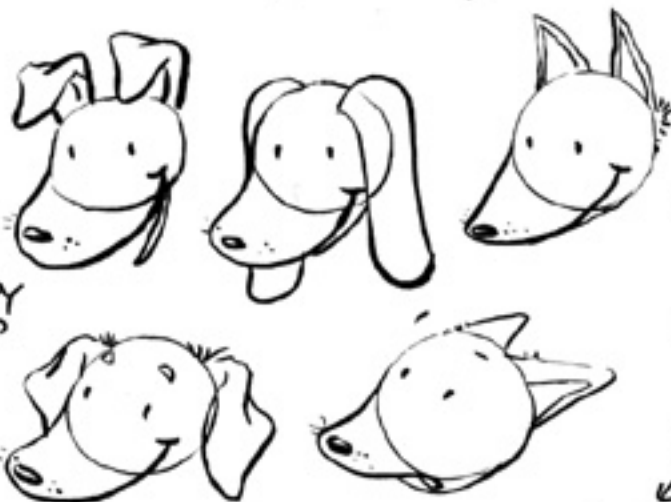

Most things can be made out of BASIC SHAPES!

Some dogs have no necks

WATCH HOW DOGS SIT. IS HE HAPPY OR SAD?

Some dogs when they lie down, stick their feet out the back!

MOST IMPORTANTLY!!

TRY THE SAME SHAPE HEAD BUT WITH DIFFERENT SHAPED SNOUTS, MOUTHS & EARS!

DON'T STOP DRAWING, DOODLING + WATCHING HOW THINGS ARE!!

This is called a "PLAY BOW"... it means, well, that he wants to... Play!!

draw a few 'tails' + put some 'action lines' + it looks like he's wagging his tail!!

yucky, wet tennis ball!

some dogs have long tails

...Some have short ones

THIS ONE HAS LONG HAIR & IS TALL.. HE'S MADE OUT OF A RECTANGLE!

Try wavy or curly hair!

..+ NOW... THE END...!

Put some 'shadow' underneath, + it will give your drawing 'weight'.
